## Danville Repair Station Capability List

This document is the Capabilities List utilized by the Meggitt Aircraft Braking Systems Danville Repair Station Located at the following address.

Danville Repair Station  
Meggitt Aircraft Braking Systems Corporation  
120 Corporate Drive  
Danville, KY 40422

This Capabilities List is maintained in a separate Excel table by the Repair Station Manager but must be approved by the Federal Aviation Administration prior to its implementation.

This Capabilities List meets all requirements set forth by FAA FAR 145.215 and FAR 145.209.

control of the Danville Capability List.

### Capabilities List

Each assembly is listed by the base part number. For example, if a brake assembly is listed as "90000583", this includes all versions of that brake assembly such as 90000583-3, 90000583-3PR, 90000583-5 or 90000583-5PR. If part number is listed as 5500-XXX-XXXX it is the series
